

Following are some of the topics planned for the 23rd Modelling the Railways of South Australia Convention:

- **930 Class**, by Peter Eldred
- **Islington TNT Terminal**, by John Looker
- **Strathalbyn and Sandergrove**, by Graham Cocks
- **VR Passenger Cars in SA**, by David Goedecke
- **Building Loco Kits and the SAR T Class**, by Phil Knife
- **Light Railways**, by Peter Lucas
- and more printed articles on SA prototype and modelling.

Trade displays and models will be on view during the breaks. We encourage those attending to bring models to display. At this year's Convention we would like to feature models from any of this year's talks, or models made from previous Convention presentations for display. Each modeller displaying a model receives a ticket in a prize draw for that scale. There will also be a door prize, along with the chance to participate in draws for other useful prizes.

The convention fee will cover lunch, morning and afternoon teas and this year's notes. Accompanied partner/children (must be over 12 yrs of age - FMC requirement) are also welcome for \$35.00/head (no notes). You can pick up folders and previous years' notes if you are missing any from the sales desk at the Convention.

Early registration is advisable to ensure a place. There is a \$10.00 discount for registration and payment received by 31 July. **Please note that to avoid last minute reorganisation and changes to catering, there is a cut-off date for registration of 11 August. No registrations will be accepted after that date. Please use this form for registration—email registrations can no longer be accepted.**

An evening meal at the Tonsley Hotel is planned again following the Convention. Please indicate if you are interested so arrangements can be made.

Hotels and caravan parks are nearby for people coming from afar. Please indicate if you need assistance in booking accommodation and/or provision of transport from the arranged accommodation to the Convention.
